TRANSITIONING TO BY-TRUSTEE AREA INFORMATION MEETINGS SEPTEMBER 2017

The Etiwanda School District (ESD) Board of Trustees is in process of changing from at-large elections to by-trustee area elections, and the District will be holding *Community Information meetings* later this month. The meetings will allow community members to view the conceptual trustee area scenarios, receive information, and provide comments. Feedback on the draft maps is available online as well using the information provided at the bottom of this notice.

Currently, the District's five-member board is elected by voters across the entire District. If the change in elections method is approved, starting with the elections in November 2018, candidates for the ESD Board of Trustees must reside within a designated trustee area and only voters living within that trustee area can vote on the candidates within that area.

Using data from the 2010 Census, and criteria in accordance with the Federal Voting Rights Act and the California Voting Rights Act, the District's consultant, Cooperative Strategies, has created conceptual trustee area scenarios that divide the District into five new voting areas. The ESD Board of Trustees will be seeking public input on those scenarios during the *Community Information meetings*.

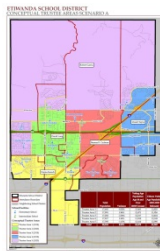

The *Community Information meetings* will be divided into four (4) stations where participants can review information, ask questions, gain additional information about the process and the proposed scenarios, and provide feedback and suggestions. The two (2) identical information meetings will be held on the following dates and locations:

<p>Thursday, September 21, 2017 at 6:30 p.m. John L. Golden Elementary School 12400 Banyan Street, Etiwanda 91739</p>	<p>Monday, September 25, 2017 at 6:30 p.m. Cecilia Lucero Solorio Elementary School 15172 Walnut Street, Fontana 92336</p>
--	---

The following will take place during each meeting:

- Information provided on the boundaries of the District, the total population and demographics of the District and information on the timeline for considering the creation of trustee areas.
- Information provided on the conceptual trustee area scenarios, including the boundary lines and population data as well as the ability to review data on individual areas.
- Opportunity to provide written comments and suggestions on proposed trustee areas (comments received will be summarized and reviewed by the ESD Board of Trustees).

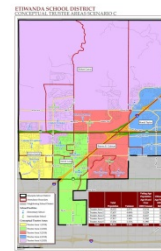

In addition to the *Community Information meetings*, community members can learn more information about the Etiwanda School District's move to by-trustee areas including criteria and draft maps by visiting: <http://www.etiwanda.org/busserv/btae.htm> or by following the links on the district's home page at www.etiwanda.org.
